# Euromaid

## 178 Can Inbuilt Beverage Centre

### Features & Benefits

#### Premium Performance

Fan cooling and double glazed doors work together to provide faster, more even and more accurate cooling to keep your drinks cool.

#### Superior Aesthetics

Edge-to-edge frameless glass creates perfect minimalism while white LEDs create a fresh view (that also doesn't add excessive heat to the cooling cavity).

#### Environmentally Friendly

Not only will Euromaid wine chillers keep your drinks cool, but they'll keep the planet cooler too; the R600a refrigerants have almost zero Global Warming Potential and no Ozone Depletion Potential

#### Chrome Racks

Chrome wire racks provide a glossy look and reassuring touch every time you reach for another drink.

#### 178 Cans Storage Capacity

#### 2 Year Warranty
