

EWC122IB

Euromaid

122 Bottle Inbuilt Wine Chiller

Features & Benefits

Premium Performance

Dual zones, dual fans, fan cooling and double glazed doors work together to provide faster, more even and more accurate cooling to keep your wine in perfect condition

Superior Aesthetics

Edge-to-edge frameless glass and creates perfect minimalism while white LEDs create a fresh view (that also doesn't add excessive heat to the cooling cavity).

Environmentally Friendly

Not only will Euromaid wine chillers keep your wine cool, but they'll keep the planet cooler too; the R600a refrigerants have almost zero Global Warming Potential and no Ozone Depletion Potential

Beech Wood Shelves

Ergonomic smooth beech wood shelves with telescopic rails add a refined reassuring touch every time you reach for that special bottle.

122 Bottle Capacity

2 Year Warranty
